Project Appleseed is a nationwide program that teaches rifle marksmanship skills that have been passed down from generation to generation and reconnects Americans with the people and events of colonial America. Participants are taught skills that allow a Rifleman to be accurate out to 500 yards using a standard rifle with iron sights. This ability is traditionally known as mastering the 'Rifleman's Quarter Mile' and is an American tradition that has been part of this nation from its very first days. So join us and hear some little-known Revolutionary War history, reaffirm your heritage, and make America a better place.

*Local laws: State Laws to be aware of: Check State Laws: www.ag.ca.gov/firearms/ *No detachable box magazines may be brought into state with capacity exceeding ten rounds.Â Unless you owned them prior to Jan1, 2000; then it's OK. wants to try that out might want to read the statute for themselves and consult a lawyer-welcome to California.Transport rifles and pistols unloaded.Â Pistols and “assault rifles” go in padlocked containers.Â Car trunk is considered a locked container, but glove compartment, even if it locks, is not OK.Â (I go the extra mile and padlock everything: firearms in one padlocked container, ammunition in another padlocked container.Â More th
