Project Appleseed is a nationwide program that teaches rifle marksmanship skills that have been passed down from generation to generation and reconnects Americans with the people and events of colonial America. Participants are taught skills that allow a Rifleman to be accurate out to 500 yards using a standard rifle with iron sights. This ability is traditionally known as mastering the 'Rifleman's Quarter Mile' and is an American tradition that has been part of this nation from its very first days. So join us and hear some little-known Revolutionary War history, reaffirm your heritage, and make America a better place.

*Local laws: It is illegal to possess a concealed firearm, loaded or not, on or about the person without a handgun permit recognized by Oklahoma.Â Oklahoma recognizes all other stateâ€™s permits.Â Oklahoma law provides several ways of transporting a firearm in a motor vehicle that are affirmatively legal with or without a permit:Â As long as you are not a convicted felon, you may legally transport a rifle, shotgun or pistol open and unloaded, which Oklahoma law defines as in plain view, in a case designed for carrying firearms that is wholly or partially visible, in a gun rack, or in an exterior locked compartment or trunk. Also, any person except a convicted felon may legally transport a rifle or shotgun concealed behind a seat of the vehicle or within the interior of the vehicle, as long as it is not clip, magazine, or chamber loaded.Â Handgun permit holders may legally transport a clip or magazine loaded rifle or shotgun in a vehicle. Check state laws for other pertinent legislation.*
