Project Appleseed is a nationwide program that teaches rifle marksmanship skills that have been passed down from generation to generation and reconnects Americans with the people and events of colonial America. Participants are taught skills that allow a Rifleman to be accurate out to 500 yards using a standard rifle with iron sights. This ability is traditionally known as mastering the 'Rifleman's Quarter Mile' and is an American tradition that has been part of this nation from its very first days. So join us and hear some little-known Revolutionary War history, reaffirm your heritage, and make America a better place.
